

Elegant and stylish

DISCOVER THE BWT PEARL PROTECT
ABOVE-GROUND POOL COVER

BEAUTIFULLY DESIGNED

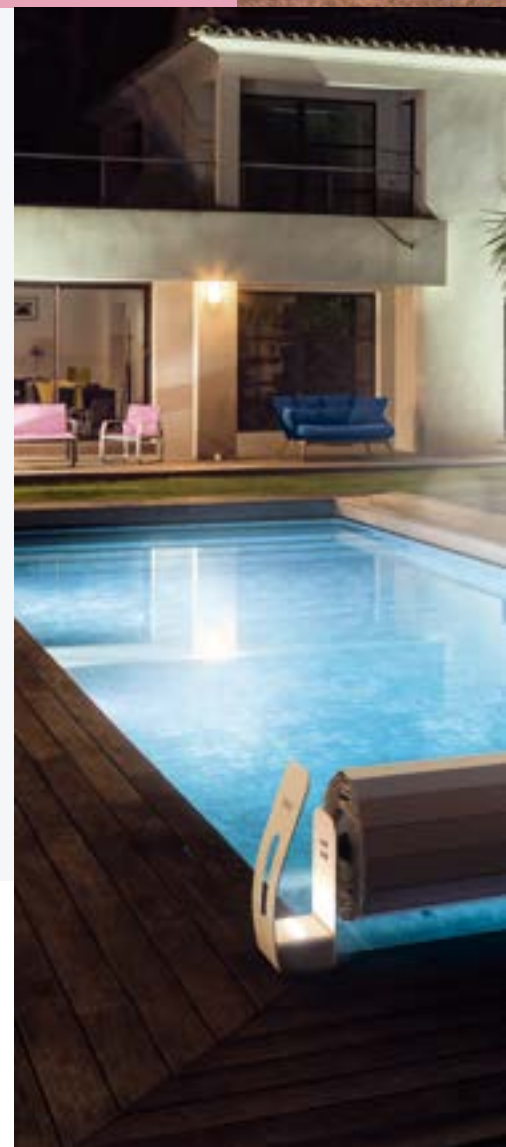

by BWT

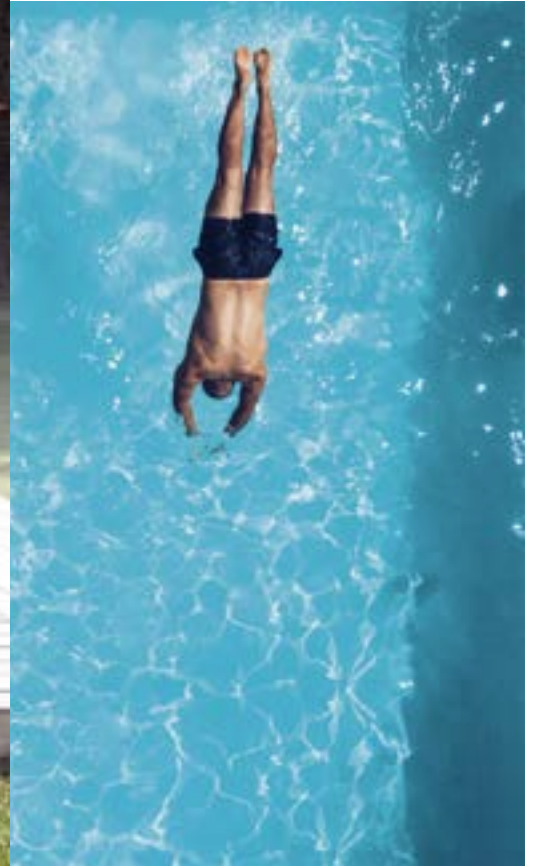

Are you looking for modern style and refinement with a distinctive flair?

Then this is the perfect cover for you! With its contemporary style, customised design and LED lighting, the BWT Pearl Protect blends seamlessly into your pool environment.

MADE IN FRANCE

BWT Pearl Protect is manufactured in Brittany, in western France, by experienced, conscientious specialists who are fully committed to your customer satisfaction.

BWT EXPERTISE

The BWT Pearl Protect cover is part of the BWT product range. It derives from the know-how and professionalism of a European leader in water treatment, who for over thirty years has focused all its talent and experience on this vital element.

ATMOSPHERIC LIGHTING

In addition to their elegant design, the end stands of the BWT Pearl Protect cover can be back-lit by polychromatic LEDs that offer a vast colour palette.

Night and day, the BWT Pearl Protect cover embellishes your pool and garden.

*Prolong your
summer!*

MAKE THE MOST

of your swimming pool

MORE TEMPERATE WATER

BWT protects your pool from chilly nights and cold winds. It allows you to open your pool earlier in the spring and enjoy it well into the beautiful autumn months.

CLEANER WATER

BWT Pearl Protect minimises photosynthesis, limiting the formation of microscopic algae. As a result, your water stays cleaner with less filtration time and fewer product treatments.

SAFETY ASSURED

The BWT Pearl Protect cover, like every BWT cover, provides optimal protection against accidental falls into the pool. The BWT Pearl Protect cover complies with NF P90-308 standard and allows you to enjoy your pool with complete peace of mind.

BWT, THE PERFECT SLAT

...by design

BWT slats are the best in every category: **exceptional buoyancy, excellent insulation, extremely reliable.** They were designed to satisfy the most demanding pool owners.

EXCLUSIVE ANTI-TILT MECHANISM

The angle of deflection of the slats is the smallest available on the market (-50° to +15°). This limits the sinking of the slat cover under the weight of a person, and provides better protection in the event of a fall onto the cover.

Featuring rigid slats, each with three air cells, BWT Pearl Protect covers are the outright winners in the buoyancy category. An added safety feature.

A BWT exclusive!

REDUCED EVAPORATION FROM INDOOR POOLS

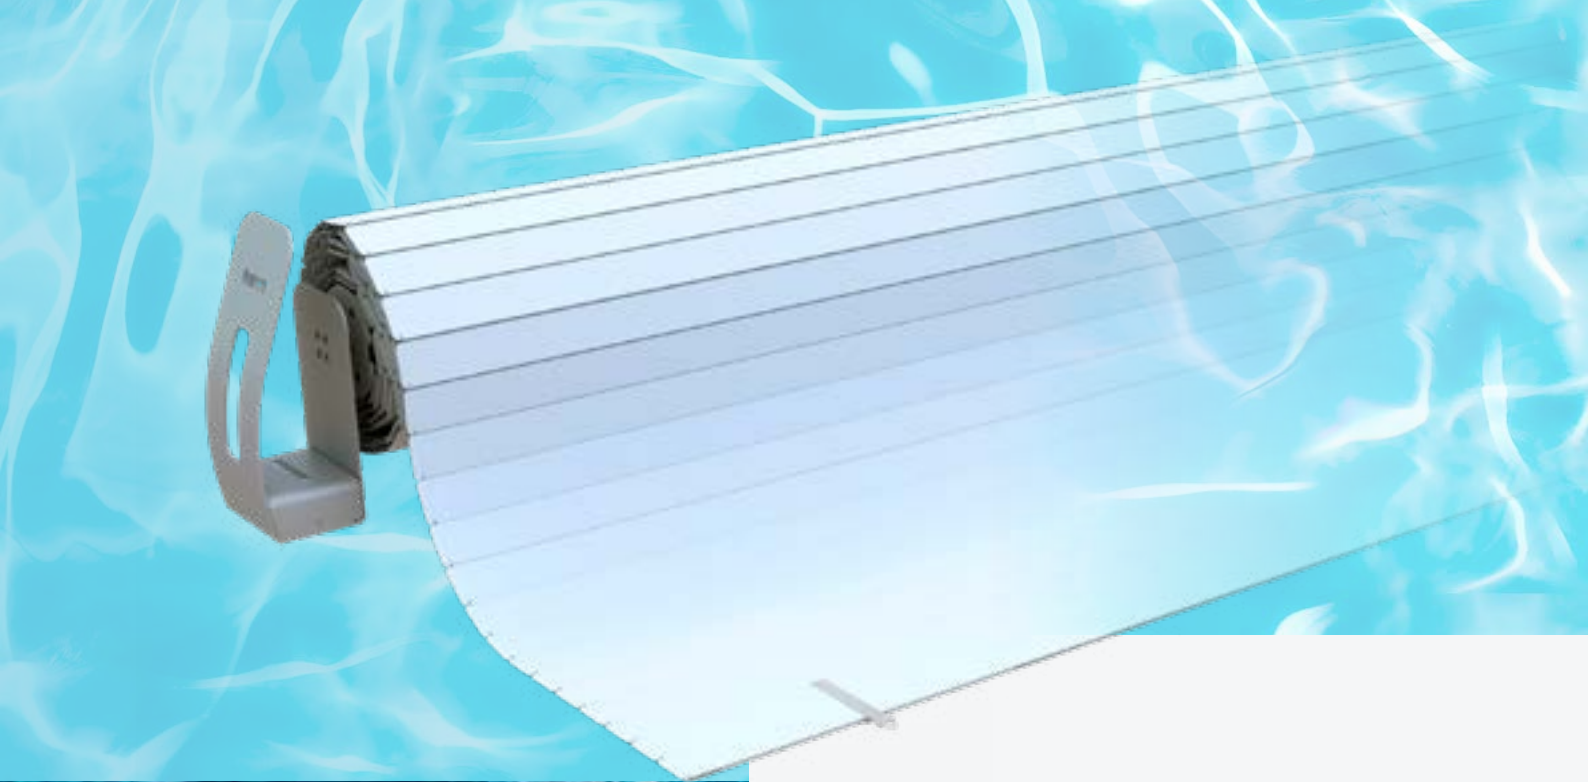

On indoor pools, the cover slats form an effective barrier that prevents evaporation and subsequent condensation on walls and windows. This significantly reduces heat loss and generates cost savings.

An environmentally responsible solution

By keeping your pool clean and reducing the filtration time, BWT Pearl Protect saves on energy and on pool chemicals, this helps lessen your pool's ecological impact on the environment. Lastly, the PVC slats of your BWT Pearl Protect cover can be recycled.

*The most unique
solution available
on the market*

SLAT COVER FEATURES

- Dynamic contour, for excellent transmission of stress loading and easy deployment
- Resists winding in the wrong direction
- Supports the weight of an adult up to 100 Kg
- Slats fastened with hooks
- Ultrasonically welded end plugs ensure that the slat is completely leaktight
- NF P 90-308 standard compliant

PRESENTATION ON DELIVERY

- Delivered in pre-assembled sets of 6 slats, assembly is 2 to 3 times faster,
- Slat accessories are mounted in the factory.

SLATS THAT SLIDE TOGETHER

The slats are designed to slide together. Ideal for larger pools, this method of assembly is suitable for all types of slat cover. A cleverly designed system, down to the finest detail.

ASSEMBLY BY CLIPPING

An alternative to the sliding assembly method, the clipping method is suitable for pools up to 4 m wide located in areas without much room for manoeuvre.

A robust and solid structure

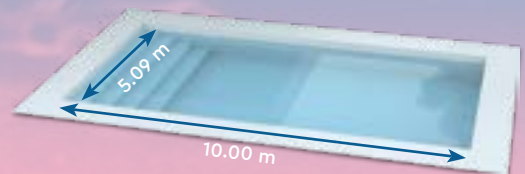

Motor integrated into the axle

Your pool is secured, whatever the circumstances!

MAXIMUM DIMENSIONS 5.09 m x 10.00 m

The maximum dimensions of a BWT Pearl Protect cover are 5.09 m x 10 m.

EQUIPMENT

- Anodised Aluminium axles fitted with a drive motor
- 80 N.m motor with mechanical ends of travel
- Electrolyser contact
- Remote installed key switch
- Model without LED lighting
- Version with LED lighting :
 - » Back lighting of both end stands
 - » Colour LEDs with remote control
- Option: Radio transceiver

ADVANTAGES

- Quick installation
- Reliability of the ends of travel system
- Visual appeal/ refined design
- The grain of the Qualicoat paint on lacquered models helps protect against scratching
- NF P90-308 standard compliant

A photograph of a modern, two-story house with a swimming pool. The house has a light-colored exterior and large windows. In the foreground, a swimming pool is visible with a white, textured cover (BWT Pearl Protect) partially covering it. The cover has a horizontal ribbed texture. The pool water is clear blue. The background shows a green lawn, some trees, and a clear blue sky. A semi-transparent pink overlay covers the top half of the image, containing the text.

BWT OFFERS

*a variety of finishes
for your BWT Pearl Protect cover*

LEGAL NOTICES

The NF P90-308 standard forbids uncovered gaps more than 250 mm wide. In the event of a request for a stepped finish, if this would result in an uncovered gap wider than 250 mm, the finish in that area must and will be smooth.

BWT covers comply with the French standard NF P 90-308 (as it pertains to the protection of pools by a safety cover) in as far as all items comprising the cover are supplied by BWT. This pool safety cover intended to deny children under five access to the pool. This cover is no substitute for common sense or individual responsibility. Nor is it intended to replace the vigilance of parents and/or responsible adults that remains the key factor in ensuring the safety of young children.

BWT PEARL PROTECT OFFERS A CHOICE OF COLORS

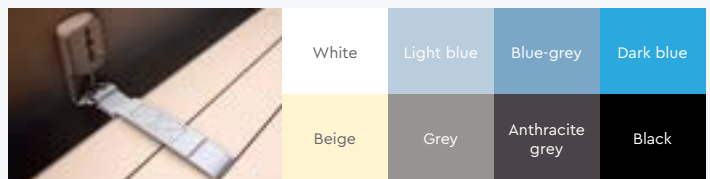

■ End stands:

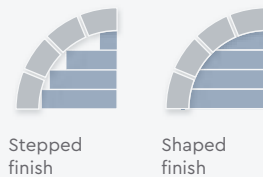

■ Slat:

■ Safety fastener systems:

■ Slat cover finishes:

BWT covers can be made to fit straight steps, roman steps and even free-form steps.

There are two types of finish available: stepped or shaped.

Dealer's stamp:
